

Project Summary Report Form

Why provide information?

The ITS Rocky Mountain Chapter wishes to provide a means of information dissemination for both its public and private sector members. It is hoped that this information will provide an easier way for individuals both in and out of the ITS field to access information on projects within their geographic area; as well as provide a conduit for peer contacts and mentoring.

The information provided below will be reviewed by the ITS Rocky Mountain Chapter Board of Directors and posted to the ITS Rocky Mountain *Regional Projects* web page as well as disseminated via the ITS Rocky Mountain e-updates *News and Notes*. Provide as much information as possible. When completed, please save and email to resources@itsrm.org. Thank you.
